

Code 3 to 1 Retired Law Enforcement Officers of Idaho

Dear Ada County Residents,

Code 3 to 1 - Retired Law Enforcement Officers of Idaho - is proud to announce its support and endorsement of Jan Bennetts for Ada County Prosecutor. Code 3 to 1 is an organization of retired law enforcement officers living in Idaho. Our members include former Chiefs of Police, undercover agents, homicide detectives, Sex Crimes investigators, Computer crimes detectives, Terrorism Task Force leaders and street cops from throughout the United States. Many of our members left states that have burgeoning crime rates due to political mismanagement. Our members saw firsthand the blunders of politicians whose policies led to higher crime rates, including cities like San Francisco, Los Angeles, Portland and Oakland.

Our member's collective experience leads us to endorse Jan Bennetts for Ada County Prosecutor. With a proactive and conscientious approach to criminal justice, Jan works hard to keep the public secure. Jan created a broad alliance with law enforcement agencies and fostered active cooperation with stakeholders in the criminal justice system.

Jan advocates for victims in Ada County as a top priority. Her professional team guides the victims of child molestation, sexual assault and the families of homicide victims through the criminal justice process with compassion and care. Based on the needs of these special victims, Jan created new services to help them recover from the brutality of these crimes. Jan is more than a prosecutor; she is a native Idahoan that cares for her community and those that have been victimized by those that are lawless. Her compassion has helped countless victims in Ada County.

Jan's Victim Witness Unit ensures that crime victims are supported, informed, and heard throughout the entire process. Victim Witness coordinators work with victims to navigate the criminal justice system and link them to the services needed, such as therapy or refuge through groups such as FACES of Hope and the Women's and Children's Alliance.

Code 3 to 1 Retired Law Enforcement Officers of Idaho, Inc
6700 N Linder Road, Suite 156-131
Meridian, ID 83646-6606

Jan was instrumental in the creation of the FACES of Hope Victim Center, that provides wraparound services to crime victims - medical, law enforcement, prosecutors, social services, a law clinic for civil legal issues, among other resources, to fully support our most vulnerable residents in the aftermath of the crime.

Right now, there is an active effort to replace prosecutors across the country with prosecutors that do not uphold the rule of law. These same prosecutors base charging decisions on politics, not on the welfare of the victim or the community. Not charging crimes such as rape and child molestation, re-victimizes a vulnerable population. Jan has a proven track record supporting crime victims while providing services for vulnerable populations and holding those responsible accountable.

Electing the right person to serve as Prosecutor is a serious responsibility, and tremendously important to all citizens of Ada County. The Retired Law Enforcement Officers of Idaho believe that Jan Bennetts is that person, and we strongly encourage you to elect Jan Bennetts as our Ada County Prosecutor.

Keith Graves

President – Code 3 to 1
